5. When being investigated with regard to a disciplinary matter by an outside agency, the employee’s rights under the Illinois Uniform Peace Officers’ Disciplinary Act and the Collective Bargaining Agreement are still in effect.

6. Officers shall be accurate, complete, and truthful in all matters.

7. Officers shall accept responsibility for their actions without attempting to conceal, divert, or mitigate their true culpability. No officer shall engage in efforts to thwart, influence, or interfere with an internal or criminal investigation.

8. An officer who is arrested, cited, or comes under investigation for any criminal offense in this or another jurisdiction shall report this fact to the on-duty shift lieutenant as soon as possible.

F. Conduct Toward Fellow Employees

1. Officers shall conduct themselves in a manner that will foster cooperation among members of this department, fellow city employees, and other outside agencies, showing respect, courtesy, and professionalism in their dealings with one another.
2. No officer shall use language or engage in acts that demean, harass, or intimidate another person. Refer to General Order 200.14 (Sexual Harassment). No officer shall ridicule another officer by displaying obvious disrespect.

3. Officers shall assume responsibility for any police problem at any given time on the basis of superiority in rank. When two or more officers of equal rank are simultaneously employed in the same operation, the senior officer shall be in charge, except when otherwise directed by proper authority. Seniority for supervisors shall be determined by the date of promotion. Seniority for officers shall be determined by the date of hire.

4. No officer shall use profane, disrespectful, or abusive language toward a fellow officer.

5. Officers shall promptly obey any lawful order of a supervisor. Ridiculing the authority of a supervisor by displaying obvious disrespect is deemed insubordination. (12.1.3)

6. Officers who are given a lawful order which is in conflict with a previous order or department order shall respectfully inform the supervisor issuing the order of the conflict. If the supervisor does not alter or retract the conflicting order, that order shall stand.

7. Officers shall obey any lawful order relayed from a supervisor to them through an officer of the same or lesser rank, to include lawful orders relayed from a supervisor to an officer through dispatch. (12.1.3)

8. No officer shall obey any order which he knows or should reasonably know would require him to commit an illegal act. If reasonably in doubt as to the legality of an order, officers shall either request clarification of the order or confer with higher authority.

G. Conduct Toward the Public

1. Officers shall conduct themselves toward the public in a civil and professional manner that denotes a professional service orientation that will foster public respect and cooperation.

2. Officers shall treat the public with respect and courtesy; guard against employing an officious or overbearing attitude or language that may belittle, ridicule, or intimidate the individual; or act in a manner that unnecessarily delays the performance of their duties.
3. While recognizing the need to demonstrate authority and control over criminal suspects and prisoners, officers shall adhere to this department’s use of force policy and shall observe the civil rights and protect the well-being of those in their care.

4. An officer shall carry his police identification card, badge, and firearm on his person at all times while in the city, except when impractical, dangerous, harmful to the progress of a criminal investigation, or when so ordered or authorized by the police chief.

5. When requested by any person to give his name and badge number, an officer shall do so immediately, verbally giving his name, badge number, and supervisor’s name, avoiding any unnecessary conversation or controversy, except when withholding such information is necessary to the performance of police duties or is authorized by proper authority.

6. While on duty or in uniform, an officer shall maintain a professional bearing and shall maintain a neat, well-groomed appearance, except when acting under orders from proper authority, in accordance with General Order 200.05 (Uniforms).

7. An officer shall remain awake, alert, and active while on duty. If unable to do so, he shall report to his supervisor, who shall determine the proper course of action.

H. Court

Officers shall arrive on time for all required court appearances and be prepared to testify.

I. Maintenance of City/Private Property

1. No officer shall use or provide any city equipment or service other than for official city business without the consent of the police chief or his designee.

2. Each officer is responsible for protecting department property and equipment against loss, damage, destruction, or defacement. No officer shall deface, damage, or alter city property.

3. All officers are responsible for complying with state law, including ensuring that all vehicle occupants wear a seat belt while in a city vehicle, or any vehicle used for city business (625 ILCS 5/12-603.1). Exceptions include tactical situations in which a seat belt would interfere with officer operations. See General Order 400.29 (Prisoner Transport) for prisoner care in transport.
4. Each officer is responsible for protecting private property or equipment that has come into his possession by reason of his office, against loss, damage, or destruction.

J. Use of Alcohol and Drugs

1. No officer shall consume any intoxicating beverage while on duty unless authorized by a supervisor.

2. No alcoholic beverage shall be served or consumed on police premises or in vehicles owned by this department.

3. No officer shall be under the influence of alcohol in a public place while off duty to the extent that it results in obvious impairment, intoxication, or offensive conduct which discredits the officer or the department.

4. No officer shall be called in to work or perform law enforcement duties when his judgement or physical condition has been impaired by alcohol, medication, or other substance. An officer having a BAC of .04% or more shall be considered to be impaired by alcohol for purposes of this section.

5. No officer shall report for regular duty assignment with the odor of an alcoholic beverage on his breath, except as provided in Article 17.2(B) of the Collective Bargaining Agreement.

6. An officer must report the use of any substance, prior to reporting for duty that impairs his ability to perform law enforcement duties.

7. The police chief or his designee may order an officer to submit to an immediate test of his blood, breath, and/or urine at any time he has reasonable suspicion to believe the officer to be under the influence of alcohol or drugs while on duty, to have consumed alcohol while on duty without authorization, or to have illegal drugs in his system. Such screening shall conform to the provisions of the Collective Bargaining Agreement and this department’s policy on employee drug screening and testing.

K. Use of Tobacco Products

While on duty no police officer shall use a tobacco product unless in a designated area and not while conducting police business. Additionally, no officer is permitted to use tobacco products in a vehicle owned or maintained by this department unless authorized by the police chief in the performance of the officer’s duties.
L. Abuse of Law Enforcement Powers or Position

1. Officers shall report any unsolicited gifts, gratuities, or other items of value they receive and shall provide a full report of the circumstances of their receipt, if directed.

2. No officer shall use his authority or position for financial gain; or for obtaining or granting privileges or favors not otherwise available to him or others except as a private citizen; or to avoid the consequences of illegal acts by himself or others; or to barter, solicit, or accept any goods or services (including gratuities, gifts, discounts, rewards, loans, or fees), whether for the officer or for another.

3. No officer shall purchase, convert to his own use, or have any claim to any found, impounded, abandoned, or recovered property, or any property held or released as evidence (except his own property). An item purchased at the city/county public auction is an authorized exception.

4. No officer, while on duty, shall solicit or accept contributions for this department or for any other agency, organization, event, or cause without the express consent of the police chief.

5. An officer is prohibited from using information gained through his position as a law enforcement officer to advance financial or other private interest of himself or others.

6. An officer who institutes or reasonably expects to benefit from any civil action that arises from acts performed under color of authority shall inform his commanding officer.

7. No officer shall pay, or offer to pay, give, donate, or accept, any money or thing of value for the purpose of influencing an officer to relinquish any rank or assignment, whether by retirement, transfer, or otherwise, nor to advance or delay the time an officer might otherwise relinquish such rank or assignment in order that the paying officer might be advanced or otherwise advantaged in attaining such rank or assignment. Any officer who is found to be in violation of this section shall be dropped from the current promotion process. If the officer has already been promoted, he shall return to his former rank.

M. Off-Duty Authority and Responsibility

1. The decision to take off-duty action, whether for purposes of enforcement or protection of persons or property, rests in the sound discretion of the officer and his evaluation of the facts and circumstances surrounding the incident, including the imminent danger to the officer, his family, or the
2. No officer shall initiate or perform law enforcement duties while off duty when his judgement or physical condition has been impaired by alcohol, medication, or any other substance. An officer having a BAC of .04 or more shall be considered to be impaired by alcohol for purposes of this section. This is consistent with the BAC of .04 or more criteria for reporting for emergency call-out, as stated in the collective bargaining agreement. When exigent situations occur where human life is in imminent danger, or when circumstances justify the use of self-defense, off-duty officers shall take immediate action unless after considering the risk of taking action, the officer reasonably believes that the risk of taking action outweighs the risk of harm from not taking action.

In all cases where crimes are committed in the presence of the off-duty officer, regardless of whether or not the officer has taken any other action, it shall be the duty of the off-duty officer to immediately contact on-duty personnel to handle these situations and relay all pertinent information to the responding officer.

3. No officer shall use his police powers to resolve personal grievances (e.g. those involving the officer, family members, relatives, or friends) except under circumstances that would justify the use of force in defense of person, self-defense, or action to prevent injury to another person. In all cases officers shall summon on-duty police personnel and a supervisor in cases where there is a personal involvement that would reasonably require law enforcement intervention.

4. Unless operating a marked police vehicle, no off-duty officer shall arrest or issue citations or warnings to traffic violators on-site, except when the violation is of such a dangerous nature that the officer would reasonably be expected to take appropriate action.

N. Prohibited Associations and Establishments

1. No officer shall knowingly commence a business, personal, or romantic relationship with a spouse, romantic companion, parent, child, or sibling of persons in custody as a result of action by this department.

2. No officer shall knowingly commence or maintain a business, personal, or romantic relationship with any person who is under indictment or arrest, or incarcerated by this or another police or criminal justice agency, and/or who has an open and notorious criminal reputation in the community (for example, persons they know, should know, or have reason to believe are...
involved in felonious activity), except as necessary to the performance of official duties, or where unavoidable because of family relationships.

3. No officer shall knowingly join or participate in any organization that advocates or supports criminal acts or criminal conspiracies.

O. Public Statements,Appearances, and Endorsements

1. No officer shall address public gatherings, appear on radio or television, prepare any article for publication, act as a correspondent to a newspaper or other periodical, release or divulge investigative information, or release any other information concerning the activities of the department while holding himself as a representative of the department in such matters, except in conformance with department orders, and in the performance of assigned duties.

2. No officer may, under color of authority, endorse, recommend, or facilitate the sale of commercial products or services. It does not pertain to the endorsement of appropriate governmental services where there is a duty to make such endorsements.

3. No officer shall publicly criticize or ridicule the department or its policies, city officials, or other employees verbally or in writing, or by other expression where such expression is defamatory, obscene, unlawful, undermines the effectiveness of the department, interferes with the maintenance of discipline, or is made with reckless disregard for truth or falsity.

P. Political Activity

Officers shall be guided by state law regarding their participation and involvement in political activities. Where state law is silent on this issue, officers shall be guided by the following examples of prohibited political activities during working hours, while in uniform, or otherwise serving as a representative of this department:

1. Placing or affixing any campaign literature on public or private property

2. Soliciting political funds

3. Soliciting contributions, signatures, or other forms of support for political candidates, parties, or ballot measures

4. Using official authority to interfere with any election or interfere with any political actions of other employees or the general public

5. Participating in any type of political activity except voting
Q. Expectations of Privacy

No officer should store personal information or belongings with any expectation of personal privacy in any city-owned property, such as lockers, desks, department-owned vehicles, file cabinets, computers, cell phones, or similar areas that are under the control and management of this department. While this department recognizes the need for officers to store personal items in such areas, officers should be aware that these and similar places may be inspected or otherwise entered at the discretion of the police chief or his designee, to meet operational needs or internal investigatory requirements, or for any other reason deemed necessary.

R. Residency

Employees shall establish and maintain their principal place of residence by the end of their probationary period within a twenty mile radius of the Peoria Police Department headquarters. If the need to establish residency within the probationary period causes an extreme hardship on an employee, the chief of police may grant an extension of the time limit, not to exceed one year. An employee’s unauthorized residency outside this twenty mile radius shall be grounds for immediate dismissal. For the purpose of this section, an employee’s place of residency shall be considered to be his principal place of domicile.

S. Notification of Change of Phone Number and Address

Employees shall maintain a working phone so they may be contacted when necessary, and it shall be the responsibility of each employee to notify the police chief’s office in writing of any change of phone number, name, or address, within 24 hours of such change.

T. Off-Duty Employment

All officers who wish to be employed in off-duty security positions must comply with applicable state laws and department regulations. Requests to work off duty must be routed through the chain of command. Final approval shall be granted by the police chief or his designee prior to working off-duty security employment. No officer shall work in excess of a total of 26 hours per week of off-duty security employment in any week during which he works 40 hours or more for the department. This limitation in off-duty employment shall not include department time, or department overtime. See General Order 300. 13 (Off-Duty Employment).

U. Supervisors

Must closely supervise the activities of those officers assigned to their command, and are responsible for all activities that take place under their span of authority and control. (11.3.1)
Responsibilities and functions of supervisors may include:

1. Planning and organizing department operations.
2. Informing superiors of significant occurrences.
3. Enforcing rules, regulations and procedures.
4. Mentoring, supporting and leading subordinates.

VII. UNSATISFACTORY PERFORMANCE

Officers shall perform their duties in a manner which will maintain the highest standard of efficiency in carrying out the functions and objectives of the department.

A. Demonstrations of Unsatisfactory Performance

1. Lack of knowledge of the application of laws to be enforced.
2. Unwillingness or inability to perform assigned tasks.
3. Failure to conform to work standards established for an officer’s rank, assignment, or position.
4. Failure to take appropriate action on the occasion of a crime, disorder, or other condition deserving police attention, including failure to submit all necessary reports on time.
5. Neglect of duty includes any acts expressly forbidden or omit any acts that are specifically required by the laws of this state, the ordinances of this City, these Rules and Regulations, or any other orders, policies, procedures or directives of the police department. Members shall not engage in any activity or personal business, which could cause them to neglect or be inattentive to duty.
6. Display of cowardice is the failure to support their fellow officers in the performance of duty. Officers shall act together and assist and protect each other in the maintenance of law and order.
7. Absence without authorized leave, either for work or court to include tardiness or being unprepared for duty.
8. Leaving duty post where an officer is assigned and unauthorized by proper authority.
9. Repeated violations of department rules or established procedures of the department.

10. Repeated poor evaluations or a written record of repeated infractions of rules, regulations, directives or orders of the department shall be prima facie evidence of unsatisfactory performance.

VIII. DISCIPLINARY ACTION

An officer may be disciplined for any act or “omission” which constitutes a violation of department rules and regulations, a department order, or any established policy, procedure, practice of this department, to include any violations of State or Federal laws. Disciplinary action rendered by the department shall be progressive in nature, and may take any one or more of the following forms:

A. Oral reprimand
B. Written reprimand
C. Suspension without pay
D. Dismissal

This directive provides general guidelines to personnel regarding proper practices and is for internal use only. It is not intended to enlarge an officer’s criminal or civil liability in any way, except as to any disciplinary action that might arise. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violations of this directive, if proven, can only form the basis of a complaint by this department, and then only in an employment related proceeding.
I. PURPOSE

The purpose of this General Order is to establish a policy and procedure regarding the limits of authority including, compliance with applicable constitutional requirements, search and seizure without a warrant, arrests made with or without a warrant, alternatives to arrest, and use of discretion by sworn officers.

II. POLICY

The Peoria Police Department will vigorously enforce all laws, statutes and ordinances of the State of Illinois and of the City of Peoria. The limits of authority, including compliance with all applicable constitutional requirements, search and seizure without warrant requirements, and arrest procedure with or without a warrant will be strictly adhered to by all sworn officers. Department members, however, are permitted to exercise discretion and encouraged to use alternatives to arrest within certain limits and in conformance with department’s goals and objectives.

III. DEFINITIONS

A. Custodial Interrogation: Any interrogation during which (i) a reasonable person in the subject’s position would consider himself or herself to be in custody; and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response (725 ILCS 5/103-2.1).

B. Search: The examination of a person, premises, property or conveyance of another, for the purpose of locating evidence of criminal activity.

C. Seizure: The lawful confiscation of evidence by a law enforcement officer during a criminal investigation.
D. **Field Interview/Terry Stop:** A stop of a person by a law enforcement officer based upon reasonable suspicion that the person may have been engaged in criminal activity at the time of the stop, or that criminal activity, involving the person stopped, may be afoot.

E. **Reasonable Suspicion:** An objectively justifiable suspicion that is based on specific facts or circumstances and that justifies stopping a person thought to be involved in criminal activity at the time of the stop. An officer stopping a person based on reasonable suspicion must be able to point to specific facts or circumstances to individually support both the stop and the frisk, if one is conducted.

F. **Consensual Encounter:** When an officer approaches a citizen and engages them in conversation. This exchange has minimal contact and the citizen is free to leave at any time. When testing whether a situation is a consensual encounter both the officer(s) actions and the conversation are used to measure whether a reasonable person would have felt free to leave.

**IV. PROCEDURE**

A. **Mandate Authority**

1. The Federal Constitution, Illinois Constitution and Illinois Compiled Statutes, as amended, define the scope and limits of law enforcement authority as it pertains to the enforcement of laws, statutes and ordinances.

2. Chapter 65, Section 5/11-1-2 (et. seq.) of the Illinois Compiled Statutes grants the authority as it pertains to the enforcement of laws, statutes and ordinances.

3. City Ordinance 24-26 establishes the Peoria Police Department. The general supervision and operation of the Police Department is delegated by the City Manager to the Chief of Police who is appointed by the City Manager.

B. **Discretion**

1. It is unrealistic to expect officers to enforce all laws and ordinances regardless of the circumstances encountered. Instead, officers must make discretionary choices in arrests and alternatives to arrests to effectively produce an appropriate solution to the situation encountered.

2. Sworn members of the Police Department shall always act in accordance with the law and department rules and regulations. When discretion is employed it must be reasonable, defensible and always accomplish a Police and/or Community purpose.
3. If the situation is unclear to the officer, a supervisor will be consulted on the discretionary action to be considered. Current laws and department General Orders will be reviewed regularly to assist in the consideration of discretionary enforcement.

C. Alternatives to Arrest

Under the authority of the chief of police, officers may exercise discretion in certain situations to the extent that an alternative to an arrest may be employed to resolve a police investigation. Referrals, informal resolutions, Municipal Ordinance Violation Notices (MOVNs), citations and warnings shall be considered the only departmentally approved alternatives to arrest. Alternatives to arrest must respect the rights of the parties involved, must accomplish a police and/or community purpose, and must follow departmental policy. Officers may seek the advice or approval of their supervisor before utilizing an alternative to arrest.

1. In certain situations, the discretion exercised by the officer may encompass some alternatives to arrest. Some of these alternatives can be specifically identified as follows:

   a. Citations and MOVNs

      These are formal enforcement procedures, which constitute alternatives to arrest solely by the fact that they may be used to preclude physical custody or other less severe enforcement options. In particular, MOVNs may be used on certain violations as a less formal means of enforcement.

   b. Warnings: Officers may exercise discretion in minor traffic and ordinance violations by issuing verbal warnings.

   c. Referrals (Used in Lieu of Formal Action)

      Referrals may be made to other departmental components, to other police or governmental agencies, to social service agencies or to other organizations better suited to address and resolve an identified problem (i.e.: emergency response services for mental health conditions, or a formal station adjustment for a juvenile).

   d. Mediation

      Often the interests of both parties involved in a dispute may be met by mediating the situation and providing the disputants with the opportunity to each resolve the issue.
D. Constitutional Rights

1. Custodial Interrogations

   a. In order to assure compliance with constitutional requirements during criminal investigations, it will be the policy of this department for all officers to advise suspects of their constitutional rights pursuant to the *Miranda* decision during custodial interviews unless emergency exigent circumstances exist. Miranda forms should be used whenever feasible to specifically outline that the statement is being given without coercion and is of voluntary nature, and that the individual has been apprised of the appropriate constitutional rights. (See General Order 400.58 for procedures regarding juvenile interviews and interrogations.)

   b. Case law holds that an actual arrest is not necessary for the protections of custodial arrest to apply; generally, if the subject is not free to leave, the protections apply.

   c. In the event of an arrest, state laws governing the time elements of when an arrested individual must appear before a judge will be adhered to.

   d. Officers shall inform subjects of their right to counsel.

   e. All interrogations shall be recorded, when possible, in accordance with General Order 400.97.

2. Interviews and Field Interviews

   a. Citizens may be interviewed in a non-custodial setting, in which case they are free to leave at any time. If, over the course of the interview, the individual becomes a suspect, the officer shall immediately read him his Miranda rights and follow the procedures for a custodial interrogation.

   b. Pursuant to Illinois Compiled Statutes 725 5/107-14, Temporary Questioning without Arrest, officers may temporarily stop individuals for the purpose of conducting field interviews when there is insufficient probable cause for arrest, provided that the officer has reasonable suspicion (or reasonably infers from the circumstances) that the person is committing, has committed, or is about to commit a violation of the law. It is important that the officer be able to articulate the basis for the stop, and if a frisk is performed, the officer must clearly articulate the additional reasonable suspicion to believe that the subject has a weapon.
c. Officers shall document field interviews in ADSi. However, field interviews resulting in lengthy delays or significant information being obtained, should be documented in an incident report.

3. Pedestrian Stop

a. A peace officer, after having identified himself as a peace officer, may stop any person in a public place for a reasonable period of time when the officer reasonably infers from the circumstances that the person is committing, is about to commit, or has committed an offense (defined as a violation of any penal statute of this State), and may demand the name and address of the person and an explanation of his actions. Such detention and temporary questioning will be conducted in the vicinity of where the person was stopped. (725 ILCS 5/107-14)

b. Pursuant to the Police and Community Relations Improvement Act (Public Act 099-0352), whenever a law enforcement officer subjects a pedestrian to detention (defined in the Act as all frisks, searches, summons, or arrests) in a public place (any place where the conduct may reasonably be expected to be viewed by others, e.g. streets, alleyways, parks, schoolyards, public sidewalks, parking lots, retail stores, restaurants, commercial establishments, schools, museums, libraries, indoor theaters, hospitals, apartment complex common areas, etc.), he or she shall complete a Pedestrian Stop Data Sheet in the Pedestrian Stop Module and record the following data:

1) Gender
2) Officer’s subjective determination of the race
3) All the alleged reasons that led to the stop of the person
4) Date and time of the stop
5) Location of the stop
6) Whether or not a protective pat down or frisk was conducted of the person; and, if so, all the alleged reasons that led to the protective pat down or frisk, and whether it was with consent or by other means.
7) Whether or not contraband was found during the protective pat down or frisk; and, if so, the type and amount of contraband seized.

8) Whether or not a search beyond a protective pat down or frisk was conducted of the person or his or her effects; and, if so, all the alleged reasons that led to the search, and whether it was with consent or by other means.

9) Whether or not contraband was found during the search beyond a protective pat down or frisk; and, if so, the type and amount of contraband seized.

10) Disposition of the stop, such as a warning, a ticket, a summons, or an arrest.

11) If a summons or ticket was issued, or an arrest made, a record of the violations, offenses, or crimes alleged or charged.

12) Name and badge number of the officer. (625 ILCS 5/11-212 (b-5)).

4. The Pedestrian Stop Data Sheet requirement does not apply to the following situations:

   a. Consensual contacts with the public. An officer may approach and talk with any person without the person being seized. No evidence or suspicion is required to approach and speak to any person. However, the officer does not have authority over the person, and the person may refuse to be engaged in conversation and end the encounter.

   b. Contacts with the public if no frisk, search, arrest, or summons takes place.

   c. Searches or inspections for compliance authorized under the Fish and Aquatic Life Code, the Wildlife Code, the Herptiles-Herps Act.

   d. Searches or inspections during routine security screenings at facilities or events.

   e. An officer should seek clarification from a supervisor if a question arises about this requirement.
E. Search and Seizure Without a Warrant

1. Search by Consent

Search by Consent is a search performed by a police officer after the subject of the search, or the person having privacy rights (standing) to the location to be searched consents, provided that the consent is freely given, without coercion.

a. Consent may be given orally.
b. Ideally, the consent should be in writing and documented on the Consent to Search Form.
c. It is always preferable to have a witness to a consent search, if one is available.

2. Stop and Frisk

Stop and frisk is referred to by several names, including a "pat down" search or a "Terry Stop." It stems from the case of Terry v. Ohio which, in summary, allows an officer to conduct a cursory pat down of outer clothing to discover weapons.

a. In accordance with Illinois Compiled Statutes (725 ILCS 5/108-1.01), an officer may frisk an individual for weapons if the officer has stopped a person for temporary questioning pursuant to 725 ILCS 5/107-14 (Temporary Questioning Without Arrest) and reasonably suspects that he or another is in danger of attack.

1) The authority to frisk for and seize weapons is for the limited purpose of allowing an officer to protect themselves and others. The authority is clearly not for the purpose of searching for and seizing evidence, although during the course of a frisk, evidence may, on occasion, be discovered and become the basis for an arrest.

2) The "plain feel" doctrine is described in Minnesota v. Dickerson. This doctrine allows an officer to seize evidence other than a weapon if, in conducting a frisk, the contraband nature of the evidence is "immediately apparent" to the officer based on his feel of the object through the person's clothing during the pat down.

b. Any officer who initiates a frisk must be able to articulate the reason(s) for suspecting that he or others in the immediate area are in danger. This information may be drawn from:
1) Training

2) Education

3) Information, facts or circumstances previously made available or known to the officer

c. Pursuant to the Illinois Police and Community Relations Act (Public Act 099-0352), the officer shall print the Stop and Frisk/Search Receipt from the Pedestrian Stop Module and issue it to any pedestrian who has been frisked or searched as described above, unless impractical, impossible, or under exigent circumstances. (725 ILCS 107-14)

3. Movable Vehicle Exceptions

Vehicles may be searched with probable cause without a warrant.

a. Vehicles do not share the same expectations of privacy as a home or other personal items.

b. The obvious mobility of an automobile would make it impractical to require that the police first obtain a warrant.

1) Officers do not have to actually prove that a vehicle might or would be gone if they obtained a warrant before making the search.

2) The existence of probable cause alone justifies the exception.

c. The vehicle exception allows an officer to search the entire vehicle as long as he has probable cause to believe evidence may be located where he is looking.

1) If probable cause is limited to a certain area, then the officer cannot go beyond the scope of that search.

2) This type of search should not be confused with a search incident to arrest where immediate control becomes an issue.

4. Crime Scene Searches

a. Crime scene searches may fall into several areas of warrantless searches, to include:

1) Consent

2) Plain View
3) Search Incident to Arrest

4) Exigent Circumstances

b. See General Order 400.09 (Crime Scene Preservation and Investigation Procedures) for further details.

5. Exigent Circumstances

The exigent circumstances exception to the warrant requirement allows an officer to search under situations where the officer recognizes that there is not enough time to obtain a warrant, and that if he does not conduct the search immediately, the evidence may be lost forever.

a. There are several factors to be considered in determining whether or not exigent circumstances exist:

1) The gravity of the offense committed.

2) The likelihood that the suspect is armed and therefore dangerous.

3) More than a minimum of probable cause exists that a suspect committed the offense.

4) There exists strong reason to believe that the suspect is on the premises.

5) There is a likelihood that the suspect will escape if not immediately apprehended.

6) The circumstances of entry and time delay.

7) The likelihood that evidence will be lost, destroyed or tampered with.

b. The aforementioned factors will determine the "totality of the circumstances."

6. Inventory Searches

a. Inventory searches of property seized by police officers should be performed when it is necessary to:

1) Protect the property of the owner.

2) Protect the law enforcement agency against claims that the property has been lost or stolen.
3) Discover any potential danger that may exist because of the contents of the property itself.

b. Items of property subject to an inventory search include:

1) Found property.

2) Property turned over to the police for safekeeping or destruction.

3) Abandoned property.

4) Impounded vehicles (A Vehicle Impoundment form must be filled out).

7. Searches Incident to Arrest

a. Searches conducted pursuant to an arrest is one of the most widely used exceptions to the warrant requirement. The Illinois Compiled Statutes (725 ILCS 5/108-1; Search without Warrant) provides for this type of search upon making a valid arrest. Application of this section is typically applied to situations involving custodial arrests (i.e. not the issuance of a routine traffic citation.)

b. Officers may reasonably search the person arrested and the area within such person's immediate control for the purpose of:

1) Protecting the officer from attack.

2) Preventing the person from escaping.

3) Discovering the fruits of the crime.

4) Discovering any instruments, articles, or things which may have been used in the commission of or which may constitute evidence of an offense.

c. In the 2009 U.S. Supreme Court case decision of Arizona v. Gant, the Court clarified how searches incident to arrest should be applied in cases involving an arrest of a vehicle occupant. The Court held that police may search a vehicle incident to a recent occupant’s arrest only if the arrestee is unsecured and within reaching distance of the passenger compartment at the time of the search or it is reasonable to believe that the vehicle contains evidence of the offense of the arrest.
8. Plain View Searches

a. Plain view searches are allowed as long as the officer is legitimately on the premises and he has probable cause to believe the item is contraband or evidence. There are some limitations to the plain view doctrine which officers should be aware of:

1) There must be no pre-observation intrusion that violated constitutional rights.

2) The items must have been discovered inadvertently.

3) Artificial devices that aid in or enhance the ability of the officer's view are not generally considered "plain view." However, a flashlight is generally acceptable, provided again, the officer has a right to be where he is when using the light source.

4) Moving items or the rearrangement of items to note serial numbers, for example, is not supported by the plain view doctrine.

b. The "plain view" doctrine also applies to searches conducted pursuant to a warrant, even if the item(s) to be seized were not noted on the warrant. The test will be:

1) Does the officer have a right to be where they are; and,

2) Does the officer have probable cause to believe the item(s) in plain view are evidence or contraband?

9. Open Field Searches

Areas surrounding buildings and homes should not be considered "open fields". Instead, courts have tended to view these areas as "curtilage," or the equivalent of a yard. The home and its curtilage are not necessarily protected from inspection that involves no physical invasion and is exposed to the public, from a public vantage point. Open fields are generally not protected by the Fourth Amendment.

a. Areas generally outside the curtilage that are viewed as open fields include: woods, pastures and grassland.

b. If an owner has taken any steps to protect the area from trespass or observation, it may not be considered "open field."
10. Strip Searches

Strip searches shall be conducted strictly in conformance with the Illinois Compiled Statutes (725 ILCS 5/103-1; Rights on Arrest). (See General Order 400.71 Strip Searches)

F. Arrest Procedures With or Without Warrant

1. Illinois Compiled Statutes, Chapter 725, Criminal Law and Procedure Section 5/107-2 provides that a Peace Officer may arrest a person when he has reasonable grounds to believe that a person is committing or has committed an offense. When a lawful arrest is effected, with or without an arrest warrant, a law enforcement officer may reasonably search the person arrested and the area within such person's immediate presence, or under his immediate control, immediately with or after the arrest for the authorized purpose of:
   a. Protecting the officer from attack.
   b. Preventing the person from escaping.
   c. Discovering the fruits of the crime.
   d. Discovering any instruments, articles, or things which may have been used in the commission of the offense.
   e. Discovering any instruments, articles, or things which may constitute evidence of the offense (including contraband).

2. It shall be recognized that the phrase "arrestee's immediate presence" has been defined by the Supreme Court of Illinois as that area within the arrestees' immediate control, i.e., that area from which the arrestee might gain possession of or seize a weapon or other things to assault the Officer or effect an escape or seize concealable or destructible evidence. All arrestees shall be accorded the protections of the "Rights of Accused" as provided for in the Illinois Compiled Statutes (725 ILCS 5/103-1 et. seq.)

V. LEGAL PROCESS

The Peoria Police Department is mandated by law to serve warrants, writs, and other official legal documents in support of the judicial process.

A. Documentation Procedure

Officers shall record the following information regarding the “serving” of items of legal process (civil and/or criminal) in a police report:

1. date and time received
2. type of legal process, civil or criminal
3. nature of document
4. source of document
5. name of plaintiff/complainant or name of defendant/respondent
6. personnel assigned for service
7. date of assignment
8. court docket number
9. date service due

This directive provides general guidelines to personnel regarding proper practices and is for internal use only. It is not intended to enlarge an officer’s criminal or civil liability in any way, except as to any disciplinary action that might arise. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violations of this directive, if proven, can only form the basis of a complaint by this department, and then only in an employment related proceeding.
