**Peoria Public Schools – Update from Superintendent Dr. Sharon Desmoulin-Kherat**

As Peoria Public Schools prepares to celebrate the 25^{th} anniversary of Valeska Hinton Early Childhood Education Center (VHECEC), the center is entering an exciting new phase, which will benefit Peoria’s preschool children today and in coming years.

Currently, VHECEC serves 435 three- to five-year olds at the location on Romeo B. Garrett Ave. Under the leadership of Principal Katie Cobb, VHECEC staff consists of 24 early childhood teachers, 23 paraprofessionals, eight speech pathologists, two social workers, one psychologist and two clerical support staff members. The school has eight half-day and eight-full day classrooms, including 14 sessions meeting the Individuals with Disabilities Education Act (IDEA). The 14 IDEA sessions include 12 half-day and two full-day sessions, with programming for children with autism and deaf and hard of hearing children.

On March 26, through a $740,000 Illinois State Board of Education (ISBE) Preschool for All Expansion grant, VHECEC will begin serving an additional 100 four- and five-year-old children preparing for kindergarten. These classes will be housed at Woodruff Career and Technical Center (WCTC) and will be staffed by a lead teacher, five early childhood teachers, five paraprofessionals and a clerical support staff person.

In addition, beginning in the 2018-2019 school year, through Title I funds, VHECEC will offer two Spanish-English dual-language immersion programs. Anna Rose, currently assistant principal at Harrison Community Learning Center, will be the District’s English Language Learner (ELL) coordinator next year. Rose is a strong advocate of bilingual education and points out that preschool is the opportune time for children to learn a second language. At a recent school board
presentation, Rose pointed out that learning two languages imparts benefits across the curriculum giving students cognitive advantages including increased retention. Dual language immersion programs produce students who are bilingual, bicultural and biliterate with increased cultural awareness and sensitivity. As adults, being bilingual is a professional advantage and, according to some studies, can provide a buffer from cognitive diseases like Alzheimers and dementia.

Offering preschool classrooms at WCTC coincides with the District’s addition of a PPS high school Teacher Pathway and Early Childhood Pathway programs, giving juniors and seniors in these programs early college credit and field experience opportunities.

By providing our youngest students a strong start to their learning and cultivating dynamic and innovative educators for tomorrow, we truly are attaining our vision: educating and graduating each student prepared and inspired to contribute to the world.

Serve Passionately,

Dr. Sharon Desmoulin-Kherat, Superintendent
