This document serves as a summary of the regulations and procedures and is intended for convenience only. It does not serve as a replacement of the ordinance itself. Please refer to the City of Peoria Code for complete requirements. Also, this document may not include regulations from other City of Peoria Departments or other regulating entities within the City. For questions, please call the Development Center at (309) 494-8600, Monday – Friday 8 a.m. to 5 p.m.
Temporary Uses are permitted uses within the City of Peoria that are established for short periods of time and do not leave a permanent impact after they have ceased operation.

A Temporary Use has an established fixed period of time that includes a definite end or expiration and does not involve construction or alteration of any permanent structure.

Temporary uses are regulated due to the possible impacts they may have on community aesthetics, traffic, public health and safety and sounds, sights or odors.

No Zoning Permit is required. Certain Temporary Uses may require a Building Permit, See Table.

For example, a garage or yard sale needs to:

- Be within a residential district
- Last no more than three days
- No more than three sales in a year
- Items for sale must be personal possessions of the owner or occupant
- No site plan is required
- No Permit Required

Use requirements may also include things that are never allowed. For example, sleeping or cooking accommodations are prohibited in construction contractor offices. Another example is that civic uses of public property must be authorized by the controlling governmental agency and cannot impose any adverse effect on neighboring streets or property.
