ADDENDUM NO. #1

CITY OF PEORIA
MICRO-SURFACING CONTRACT-2014
BID OPENING TUESDAY AUGUST 12, 2014 @ 11:00 AM AT PEORIA PUBLIC WORKS

Addendum Issued: August 1, 2014

RE: Addendum #1 for the Micro-surfacing Contract-2014

The following shall be considered part of the Contract documents.

REVISED BID DOCUMENT (Issued with this Addendum):

1) Page #9 – change bid quantity from 50,208 SY to 67,442 SY
2) Page #9 – add pay item Crack Sealing 2,000 LF
3) Page #34- Use Mixture C

This addendum must be acknowledged as part of the submittal package. Failure to do so may subject Bidder to Disqualification.

Sincerely,

Andrea Klopfenstein, P.E.
Project Engineer

SPECIAL PROVISION FOR MICRO-SURFACING

All Regional Engineers
Scott E. Stitt
Special Provision for Preventive Maintenance - Micro-Surfacing
January 13, 2012

This special provision was developed by the Bureau of Materials & Physical Research for the use of micro-surfacing treatments. Use of this special provision shall be according to Chapter 52 of the Bureau of Design and Environment Manual. It has been revised to adjust the coarse aggregate gradation in order to more closely represent available gradations.

This special provision should be inserted into preventive maintenance contracts using micro-surfacing as a surface treatment.

The designer must specify the friction aggregate mixture on the plans using the following note:

“The aggregates for the surface lift of micro-surfacing shall meet the friction aggregate requirements for Mixture C in Article 1004.03(a).”

Insert either “C” or “D” into the note to indicate which mixture is to be used according to the ADT volume on the project. ADT ≤ 5,000 shall use Mixture C, and ADT > 5,000 shall use Mixture D.

The districts should include the BDE Check Sheet marked with the applicable special provisions for the April 27, 2012 and subsequent lettings. The Project Development and Implementation Section will include a copy in the contract. This special provision will be available on the transfer directory January 13, 2012.
