A. Discussion of communication to grantees about the CDBG Public Service 2015 Performance Report and process

Located in the Agenda Packet is a timetable of the schedule of review for the 2015 Public Service grantees. Commissioner Rakoff asked if a week was enough time from the point that the reports are due to staff from the grantees; to the time they will be picked up by commissioners would allow staff enough time to get the documents prepared. Staff member Murphy stated that it would be and that she is primarily concerned that the commission feels they have enough time to complete the reports by March. Commissioner Moore asked how long the monitoring report forms take. Staff member Murphy noted that most of them will just need review and that unless there was significant issues or changes that it would not be a long process.

The commissioners discussed how this schedule would affect the commission meetings. It was noted that another commission meeting may not be necessary until February of the 2015.

Commissioner Burdick moved that the timeline be approved. The motion was seconded by Commissioner Oakford. Approved unanimously by viva voce vote.
