EAST VILLAGE GROWTH CELL TAX INCREMENT FINANCING DISTRICT (TIF)
HOUSING PROGRAM
GUIDELINES & APPLICATION

PROGRAM OVERVIEW

The East Village Growth Cell Tax Increment Financing District (TIF) Housing Program is a combination grant/loan program which provides up to $30,000 of assistance to property owners for permanent building and site improvements on residential owner-occupied parcels within the East Village Growth Cell boundary.

To be considered for the East Village Growth Cell Housing Program, property must be located within the boundaries of the East Village Growth Cell TIF and applicant(s) must own and occupy the property. Vacant property qualifies if proposed to be owner-occupied within 90 days from the date of completion of work associated with any approved application.

Level of Assistance:
The East Village Growth Cell Housing Program will provide up to $30,000 in assistance to home owners for qualifying residential improvements. The first $5,000 is a grant and the remainder is a loan. The property owner can reapply once previous loans issued as part of this program have been paid back. The grant may be obtained multiple times if more than $30,000 total is invested in the project and repaid. A total of $30,000 must be invested each time before a property owner is eligible for another grant.

Loan Terms: If the loan is paid back within the following loan terms, no interest is applied; however, the loan becomes immediately due and payable upon sale, transfer, or if the homeowner ceases to occupy the home, excluding any one or more of the following (each a Permitted Transfer): any sale, conveyance or transfer (A) to a spouse upon dissolution of marriage, (B) to the surviving spouse upon death or a joint tenant Owner, (C) to an immediate family member, which includes the owner, spouse of the owner, parents of both the owner and the owner’s spouse, and children (step and foster children are included) of both the owner and the owner’s spouse, or (d) by will.
   a. Loan > $20,000 = 20 year term
   b. Loan > $15,000 = 15 year term
   c. Loan > $10,000 = 10 year term
   d. Loan equal to $10,000 or less = 5 year term

Resolution of Environmental Issues Prior to Program Assistance
The following items must be resolved prior to housing assistance being made available.

- All garbage, debris, old appliances, and dilapidated furniture must be removed from the exterior.
- Garbage and debris within the structure must be removed.
- Motor vehicle parts (including batteries and tires) must be removed.
- All grass and weeds must be less than 10 inches high at closing.
- No bushes, shrubs, or trees are permitted to block the public right-of-way.
- All unlicensed vehicles must be removed from the property or properly licensed.
Other Requirements / Information:
- Assistance is only available to owner-occupied, single-family households where the property taxes are paid, no City liens (with the exception of mortgages) exist on the property, and there is active homeowner’s insurance coverage. **Properties being purchased CONTRACT FOR DEED are not eligible.**
- Exterior improvements qualify, including grading and tree removal.
- Interior improvements must be code related items and permanently affixed to the structure (appliances and solely aesthetic improvements are ineligible).
- Down Payment Assistance is eligible, not to exceed 20% of the purchase price.
- Site preparation and property acquisition of vacant lots (similar to the side yard program) are eligible.
- Repairs that would be made under a homeowner's insurance policy will not be covered.
- If a property is found to have a code violation(s), funds received must be used to resolve violations as part of any loan application.

Program Priorities (Applicable when applications exceed available funding):
In the instance that the number of approved applications exceed the available funding, applications will be prioritized based on program priorities, as outlined below. If more applications are received than the funding available, applications that most appropriately address the following (with a. being the highest priority and e. the lowest) will be given priority:
  a. Code Requirements
  b. Structural Integrity
  c. Life Safety
  d. Health of Occupant (Documentation from a physician is required to determine that the health of the occupant is impacted)
  e. Exterior Improvements (Those that improve the neighborhood the most)

Applications for EVGC Housing Program funds by EVGC Advisory Committee Members
The intent of the EVGC Housing Program is for all property owners within the East Village Growth Cell to have the equal opportunity to benefit from the Program if the above guidelines are met. EVGC Advisory Committee members residing within the EVGC boundary are eligible to apply for and receive funding through the EVGC Housing Program; however, in recognition of the perception of a conflict of interest, the final decision on all EVGC Housing Program applications from a board member will be made by the City Council to allow for full disclosure.
