NEW BUSINESS

Ms. Hayes introduced Ms. Angel Marinich, General Manager for MV Transportation, service provider for CityLink, and oversees CityLift and CountyLink as of July 2018. She's been with the company since 2002. CityLift runs 200-300 miles daily and averages 25 riders whereas CountyLift runs more miles (rural areas) but has fewer riders.

Ms. Marinich gave a brief summary of MVT’s operations, which has over 20,000 employees across the country of which 70 drivers are employed locally. However, Peoria is still short-staffed, causing some schedule delays. Being short-staffed impacts morale and in an effort to circumvent that, drivers also attend mandatory safety meetings on a monthly basis. MVT is actively revamping processes to streamline services.

Ms. Marinich said she and her staff welcomes input from the community. Citizens may contact herself, Lee Lynnwood (Safety Manager), Ted Garcia (Dispatch Manager), Tim Jones (Road Supervisor) or their Administrative Assistant Crystal by calling 309/999-3667.

Discussion was had on some of the scheduling issues Committee members have either experienced or were reporting on behalf of others. Ms. Marinich explained the current policy allows drivers a 15-minute window on either side of a designated pick-up time - 15 minutes before or after - so riders need to plan accordingly for doctor appointments and such. Some riders don’t want to share a ride with others which also has to be factored in the scheduling parameters. If regular riders haven’t received the current copy of the Rider’s Guide, they can request one.

Mr. Van Cleve suggested a third-party customer service survey of some type. Ms. Marinich thought it was a great idea and will seek CityLink’s approval.

On the administrative side, technology is inadequate and outdated. MV has both a new CEO and COO, both of whom are proactive in updating the technology in the very near future. For example, a smart phone application is forthcoming which should help riders with scheduling, cancellations as well as customer service feedback. This will also help with the 500 daily calls they receive, most of which are regarding schedules. Ms. Huddleston offered to share her list of local Uber and cab drivers who are equipped to
accommodate wheelchairs. Ms. Marinich was receptive to this and anxious to incorporate these resources as needed, pending CityLink’s approval. MV Transportation is already partnering with Uber in the New York City and Dallas test markets.

Mr. Van Cleve explained Peoria’s Premise Alert which Ms. Marinich agreed would be helpful to CityLift also. As such, Committee members suggested inviting Mr. Andy Dwyer, Director of Mobility for CityLink, to next month’s meeting to discuss. Ms. Hayes will extend the invitation to him. [Presentation ended at 4:42 p.m.]

Committee members discussed various concerns with the back-in parallel parking in downtown Peoria for vehicles with back-end lifts. Mr. Van Cleve stated the ADA law doesn’t require meet handicapped parking accessibility except for public parking lots; however, he’s hoping the City will be receptive to considering an amendment to the current Ordinance. He will draft a letter to Mayor Ardis requesting a meeting to discuss in person. Committee members would also like Nick Stoffer, Traffic Engineer, and a representative from the Peoria Police Department at next month’s meeting to discuss possible alternatives as well as Ordinance modifications.
