Peoria Police Lobby Services

(Peoria, IL) - In observance of social distancing and slowing the spread of COVID-19 throughout our nation, state, and community, effectively immediately, the Peoria Police Department will suspend lobby services for the following requests:

• Photos for outside government ID’s (ex. Family Core)
• General fingerprinting for public and non-urgent circumstances
  • This excludes fingerprinting for the Illinois Department of Professional Regulations (i.e. nurses/physicians) or other state departments requiring fingerprinting for licensing reasons
• Clearance letters (for prospective employees, adoptions, Visa applications, etc.)

In addition, anyone formerly utilizing the lobby as a safe location for the exchange of goods in online transactions, the visitor parking lot on Walnut will remain available for this purpose. The visitor lot is monitored via camera coverage.

Additional efforts to streamline Patrol Operations, limiting exposure to both police personnel as well as citizens, are underway.
