

OFFICE OF THE CITY MANAGER

TO: Honorable Mayor and Members of the City Council
FROM: Patrick Urich, City Manager *Patrick Urich*
DATE: December 8, 2016
SUBJECT: Issues Update

The following are issues related to the City for the weekly Issues Update. If there are additional items you believe should be included, please let me know.

317 Participate in Public Discussion

The City of Peoria hosted a community discussion intended to talk about problem solving pertaining to advancing racial equity in policy, practices and culture across neighborhoods and institutions. Three questions were posed to the attendees while city staff members recorded the responses. City staff will synthesize the information and provide the results in early 2017. The next meeting will be held in early 2017. We will send out an email to all attendees who provided their addresses. To be added to the list, please email citymanager@Peoriagov.org and provide your email information.

Community Development-IHDA Program Providing up to \$50,000 of Mortgage Assistance to Homeowners

The Illinois Housing Development Authority (IHDA) is beginning an underwater mortgage refinance program called **I-REFI**. The program is available to homeowners who are up to date on mortgage payments but owe more than the current value of their home. The aim of the program is to reduce the balance owed, adjust the mortgage to be consistent with the value of the home and refinance into an affordable loan. In pursuit of this aim, eligible homeowners can receive up to **\$50,000 in federal funds**.

Issues Update
December 8, 2016

The predatory, subprime lending that led to the housing crisis was deliberate activity, the effects of which have unequally impacted particular neighborhoods.¹ The effort to restore housing stability must be equally deliberate. This program is an excellent resource for strengthening neighborhoods, avoiding further foreclosures and achieving the increased quality of life that comes with stable and affordable housing as we seek to ensure the same for all of Peoria's residents. Please share this information widely.

For interested individuals to begin the process, contact participating **I-REFI** lenders here: <https://www.ihda.org/wp-content/uploads/2016/07/I-Refi-Participant-List-14.pdf> (the list is also attached below)

Find more details on the program here: <https://www.ihda.org/my-home/irefi/>

And please see the attached flyer and participating lenders list for **I-REFI** below.

¹ See HUD report: *Risk or Race: An Assessment of Subprime Lending Patterns in Nine Metropolitan Areas*. 2009. Prepared by: William C. Apgar Jr., Christopher E. Herbert, and Priti Mathur.

And Oxford University journal, *Social Problems*, publication: "Race, Space, and Cumulative Disadvantage: A Case Study of the Subprime Lending Collapse." 2015. Jacob S. Rugh, Len Albright, and Douglas S. Massey

iteams—December 12 Urban Economics of Land Use Event

How can public data inform a vibrant and strong Peoria? This is the question that Joe Minicozzi will be tackling at an event entitled "Data, Dollars, Development: The Economics of Land Use in Peoria." Joe and his private consulting firm Urban3 have taken a deep dive into our community's data to showcase the connection between development and return on investment for the city. The presentation will cover suburban sprawl, development in the urban core, and everything in between. From capital improvement planning to placemaking, the event will challenge the way people think about the cost of development and the value of land. You have two opportunities to see this presentation:

Monday, December 12 at 12:00 p.m.- 1:00 p.m. or 5:30 p.m.-6:30p.m. at the Peoria Riverfront Museum.

Please see the attached flyer for more information.

Public Works—Sheridan Road Reopens For Winter

Public Works announces Sheridan Road, between Main Street and McClure Avenue, will fully reopen Thursday, December 8th for the winter months.

Two improvement projects have been ongoing this year, with the Sheridan Road roadway project having been completed between Eleanor and Brons. This new section includes one travel lane in each direction and a bi-directional center turn lane, as well as bike paths and sidewalks. The road will again be closed next spring, as the project's construction continues between Brons and McClure, as well as the McClure Avenue and Sheridan Road intersection reconstruction.

Issues Update
December 8, 2016

The Sheridan Road Bridge, between the I-74 overpass and Gale, will also reopen for the winter months. Work for the replacement of the Sheridan Bridge will also resume again in the spring of 2017, causing its closure. Wet weather conditions during October delayed the bridge project, making the spring closure necessary to finalize the project.

Please contact the City of Peoria's Project Engineer, Andrea Klopfenstein, if you have questions regarding these projects.

Motorists are urged to use extreme caution in construction zones. Public Works appreciates the public's patience as we make these important infrastructure improvements. For more information, contact the Office of the City Engineer at (309) 494-8800.

Peoria Public Schools – Update from Superintendent Dr. Sharon Desmoulin-Kherat

When the Knolls neighborhood in Peoria needed to replace benches in a boulevard area they reached out to Michael Brix' construction trades students at Woodruff Career and Technical Center (WCTC). Brix and the students unveiled their handiwork this week at the corner of North Street and Hawthorne Ave in The Knolls. Brix, who designs custom furniture during his non-teaching hours, designed the two cedar benches which students constructed and finished. The Knolls

Neighborhood Association paid the cost of materials and made a donation to the school. Projects such as this help WCTC students build strong skills for future employment.

This year, for the first time, Peoria Public School high school juniors and seniors are participating in the Peoria Education Region for Employment and Career Training (P.E.R.F.E.C.T.) work-based learning program. Through work-based learning, students representing Richwoods High School, Peoria High School and Manual Academy spend each afternoon training at one of ten labor union halls, as well as completing classroom-based units on topics including Occupational Safety Hazard Administration (OSHA) regulations, construction math, blueprint reading and interviewing skills.

Woodruff Career and Technical Center (WCTC) Construction Trades teacher Michael Brix teaches the class and works with Chris Kimball of P.E.R.F.E.C.T. and Kevin Connor of Tri-County Construction Labor-Management Council (TRICON) to coordinate the site visits.

Some Peoria Public School students in the work-based learning class have already studied construction trades at WCTC but the WCTC classes are not a pre-requisite. The biggest obstacle for many students in enrolling in work-based learning is the block of time required. The class is an elective requiring three class periods, so

Issues Update
December 8, 2016

juniors and seniors must be on track to completing graduation requirements to have the time available during their junior and senior years.

The class gives students a close-up look and hands-on experience in trades such as bricklaying, carpentry, HVAC, sheet metal, operating engineering, plumbing, cement masonry and more. The exposure to trade union apprenticeship and journeyman career-tracks can lead students to solid employment opportunities and well-paying jobs before many of their high school peers have graduated from college. Most union trades offer apprenticeships to high school graduates which consist of about six class hours a week and work with a contractor at 70 percent of union rate or \$15 per hour. Apprenticeships generally last two to four years, at which time the worker becomes a journeyman earning union wages. Depending on the union, apprentices sometimes also earn an associate degree.

As always, collaboration builds strength. Work-based learning blends the Peoria Public Schools, the Peoria County Regional Office of Education and TRICON and its member trade unions to give our students another solid option for their future.

Serve Passionately,

Dr. Sharon Desmoulin-Kherat, Superintendent

Peoria Police Department

SINKING IN AN UNDERWATER MORTGAGE?

The **I-REFI** program offers up to **\$50,000** in federal assistance to buy down your mortgage and refinance you into an affordable loan.

REQUIREMENTS

- Current on your mortgage for at least 12 months
- Credit qualify for a new IHDA mortgage through a participating lender
- Be within IHDA's application income limits*

GET STARTED TODAY!

Find a participating lender at
www.ihda.org/IRefi or call **1-312-836-5200**

*Home value, income and credit score limits apply

PROVIDING HOUSING
OPPORTUNITIES FOR
30+ YEARS.

¿HUNDIÉNDOSE CON UNA PROPIEDAD DEVALUADA?

El Programa **I-REFI** ofrece hasta **\$50,000** en asistencia federal para reducir su hipoteca y refinanciar a un préstamo asequible.

REQUISITOS

- Estar al corriente con sus pagos hipotecarios por lo mínimo de 12 meses
- Calificar para un préstamo hipotecario de IHDA a través de un prestamista participante
- Estar entre los límites de ingresos de la solicitud de IHDA*

¡INICIE LA SOLICITUD HOY!

Encuentre un prestamista participante en www.ihda.org/IRefi o llame a **1-312-836-5200**

*Existen límites del valor de la casa, puntaje de crédito, e ingresos.

PROVIDING HOUSING
OPPORTUNITIES FOR
30+ YEARS.

The Economics of Land Use in Peoria

How can public data inform a vibrant and strong Peoria?

Join us for an event that will showcase some of Urban3's pioneering work in the visualization of economic productivity highlighting the economics of land use in Peoria.

Joe's talk illustrates land use economics as an effective tool for getting the highest return on investment while growing smarter as a community. From capital improvement planning to placemaking, the presentation will challenge the way people think about the cost of development and the value of land.

**JOE
MINICOZZI**
@JoeUrbanThree

Joe Minicozzi, AICP is the principal of Urban3, a private consulting firm specializing in land value economics and community design. Joe's cross-training in city planning and private sector real estate finance has allowed him to develop award-winning analytic tools that have garnered national attention.
