Please see the attached releases for information regarding street closures due to:

- Saturday, October 7--March for Mary
- Saturday, October 7-Whiskey Daddle 5 K and Kid's Races
- Sunday, October 8-Whiskey Daddle Marathon

## **Peoria City/County Health Dept-Drop Cover, and Hold On-Earthquake Drill 10/19 at 10:19 am**

At 10:19am on Thursday, October 19, 2017, millions of people in the Central United States will Drop, Cover, and Hold On as they seek shelter under their desks, kitchen tables, and other sturdy objects as part of the Great Central U.S. ShakeOut Earthquake Drill.

At the designated time, Peoria City/County Health Department staff will practice the "Drop, Cover and Hold On" protective actions people should take when an earthquake begins: "Drop" down to the floor, take "Cover" under a sturdy desk, table or other furniture, and "Hold On" to the furniture until the shaking stops.

"The earthquake drill only takes a few minutes, but the lessons learned can save countless lives," said Jason Marks, Emergency Preparedness Coordinator for Peoria City/County Health Department. "People travel all over the globe where earthquakes can occur, but many people don't realize that there are also two major seismic faults that stretch throughout Illinois."

Two well-known seismic zones that reach into Illinois are the Wabash Valley Seismic Zone and the New Madrid Seismic Zone. In 1812 an earthquake occurred in the New Madrid Zone near New Madrid, Missouri and was felt as far away as the East Coast. Since network monitoring began in 1974, over 3000 earthquakes have been recorded. While most did not exceed a magnitude of 5, there is up to a 40% chance of a 6.0 magnitude or greater earthquake in the New Madrid Zone over any 50-year time span.

Marks adds, "We want people to know more about earthquakes and learn what to do when the earth shakes, wherever they are. We encourage everyone to take part in this ShakeOut drill and practice the Drop, Cover, and Hold On drill. Schools, businesses, government agencies, and families can register to participate for the drill at [www.shakeout.org/centralus](http://www.shakeout.org/centralus). Registered participants will receive additional information about the drill and earthquake preparedness, along with an audio that can be played to announce the Shakeout drill."

More information about the earthquake risk in Illinois, a short video, and steps to take before, during and after an earthquake are available at <http://www.shakeout.org/centralus/>. For more information on important Public Health issues, visit the Peoria City/County Health Department website at [www.pcchd.org](http://www.pcchd.org).

**Peoria Public Schools – Update from Superintendent Dr. Sharon Desmoulin-Kherat**

This month Peoria Public Schools introduces Saturday University, a new learning opportunity for third and sixth grade students to sharpen and strengthen math and reading skills. Beginning October 21 and meeting from 9 a.m. to noon on 20 Saturday mornings through April 14, Saturday University will be open to 100 students. The program will be held at Glen Oak Community Learning Center and bus transportation will be provided. Bradley University students and Caterpillar Inc. volunteers will work with students, as well as certified teachers and teacher aides. The program will include field trip opportunities, prizes and other incentives.

Springboard, is designed for third grade students who want extra instruction focused on reading and math. Instruction will combine reading and math online programs to build independent learning skills and small group learning. 50 third grade students will be accepted.

Math-Tastic is designed to strengthen the math skills of sixth grade students. This program will also use online and small group learning. Students will also have the opportunity to participate in math competitions. Math-Tastic will enable more PPS sixth grade students to prepare for the rigors of eighth grade algebra and subsequently pursue higher level math courses in high school. 50 sixth grade students will be accepted.

Students will be engaged in real world experiences through a blend of online and individualized opportunities to see math and reading from a different lens. Teachers and tutors will work with students in small groups to build learning strategies and skills. All students will be exposed to learning mental math strategies.

More details on Saturday University, including a schedule of meeting dates, will be sent home with third and sixth grade students.

Parents of third grade students can register for Saturday University Springboard at: [www.peoriapublicschools.org/SU3](http://www.peoriapublicschools.org/SU3)

Parents of sixth grade students can register for Saturday University Math-Tastic at: [www.peoriapublicschools.org/SU6](http://www.peoriapublicschools.org/SU6)

Serve Passionately,

Dr. Sharon Desmoulin-Kherat, Superintendent
