

LEGAL NOTICE

REQUEST FOR QUALIFICATIONS (RFQ) COMBINED SEWER SYSTEM FLOW MONITORING

NOTICE IS HEREBY GIVEN that sealed proposals will be received at the Office of the City Engineer, Public Works Facility, 3505 N. Dries Lane, Peoria, Illinois, until **11:00 A.M., Thursday, March 31, 2022** for establishing a contract with a qualified firm. Firms should submit **five (5) hard copies and one (1) electronic copy** of a Statement of Interest and Qualifications.

The City of Peoria requires flow monitoring services to monitor flows in the City's combined sewer system as part of its Combined Sewer Overflow (CSO) control program. Over the next 18 years, the City will be designing and constructing CSO remedial measures to reduce CSOs and maintain compliance with its CSO Consent Decree (CD). Flow monitoring and rainfall data are required for the design and post-construction performance evaluation of CSO control projects, CSO outfall volume reporting, CSO CD interim milestone reporting, and maintaining the City's hydrologic and hydraulic (H&H) model. Firms submitting qualifications must demonstrate extensive experience monitoring combined sewer systems and CSO outfall discharges.

The City plans to award a contract for these services to the best-qualified firm. Each firm will be considered and ranked by a Selection Committee based upon the criteria listed herein. The City will then enter into negotiations with the top-ranked firm(s). The negotiations will be to establish a detailed scope of services and total cost for services.

The Combined Sewer System Flow Monitoring Request for Qualifications document can be downloaded at <http://www.peoriagov.org/public-works/public-works-bidding-and-letting/>

All firms contracting with the City must have current certification through the City's Equal Opportunity Office. Compliance with the Illinois Prevailing Wage Act is required under this contract.

This process does not obligate the City to award a contract, or pay any cost incurred in the preparation of the firms responding to this request. The City reserves the right to accept or reject any or all statements received as a result of this RFQ. All information submitted in response to this request will become the property of the City.

Please be aware that it is the City's policy to not compensate a consultant for any time or expenses incurred during the selection and negotiation processes.

CITY OF PEORIA

Public Works

Andrea Klopfenstein, P.E. Deputy Director / City Engineer
