W Pioneer Parkway and N University Street paving delays to begin Friday, June 10

Drivers are encouraged to use alternative routes to avoid 30-minute delays

June 9, 2022 (Peoria, IL) Beginning the morning of Friday, June 10, paving work will begin at the intersection of W Pioneer Parkway and N University Street. **Due to the nature of the paving work, drivers can expect MAJOR traffic delays of at least 30 minutes.** Motorists are advised to **USE ALTERNATIVE ROUTES** and to avoid the intersection while paving work is being completed to eliminate any travel delays.

While road work is being completed, drivers are reminded to exercise an overabundance of caution in work zones and avoid distractions.

This major road construction project along with several others occurring throughout the City including mill and overlay work on N Allen Road and at the intersection of W Pioneer Parkway and Knoxville Avenue are critical projects to improve Peoria's infrastructure. The public's patience while these projects are completed is appreciated.
