Traffic Patterns to Shift on Reservoir Boulevard on Oct. 15, for Pedestrian Safety Project

Drivers should be mindful of the new traffic pattern configuration and narrowed lanes

Oct. 14, 2024 (Peoria, IL) Beginning at 7 am on Tuesday, Oct. 15, traffic patterns will shift on W Reservoir Boulevard near N Millbrook Road and N Rockwood Road. The shift is necessary for work as part of the Reservoir Pedestrian Safety Project. This project will add an upgraded pedestrian crossing.

The eastbound and westbound traffic configuration will shift from the inside of the lanes to the outside of the lanes. Drivers should be mindful of this traffic pattern shift and the narrowed lanes. Drivers should use an overabundance of caution in the area.
